# LIVING WATER

*Those who drink of the water that I will give them will never be thirsty.*

John 4:14a

**LIVING WATER** is a local partnership of congregations that helps meet hunger and water needs of people in our local and worldwide community. It is a simple, first step in growing generosity. Each month during worship we pour out our gifts, and, with those offerings, we are 'digging wells of hope' to make lasting change.

- **The Problem** - Two billion people suffer because of inadequate, inconvenient, or unhealthy water sources. Every day of their lives is affected. Worse, a child dies every 5 seconds (67,000/year) from water-related diseases.
- **Our Vision** - We can make a difference.
- **How?** - We systematically and regularly gather offerings that are channeled to on-site water supply agencies like the ELCA World Hunger Appeal, so that our gifts, combined with others, can help resolve local clean water shortages.
- **Why?** - We begin to meet the need by doing what we can do instead of worrying about what we cannot do. We also begin to understand our role in God's love for the world, and more fully live our lives as servants of Christ, discovering joy as we bring joy to others.

Our combined generosity DOES make a difference, after all, every life counts in God's eyes. Generous giving "overflows with many thanksgivings to God."

2Cor. 9:12
