Sowing Seeds of Hope

Transforming
poverty into
abundance
one life at a time

Human Trafficking

Our work to support women and their children has led us to concerns about human trafficking. Trafficking is not only a third world issue, it is world wide and alarmingly active in urban and rural South Snohomish County. After attending seminars, inviting guest speakers to our meetings, and doing our own study, we want to share our resources. We believe that knowledge is the road to safety and to justice.

“With the majority of modern slaves in agriculture and mining around the world... it is impossible to get dressed, drive to work, talk on the phone, or eat a meal without touching products tainted by forced labor.”

U.S. State Department

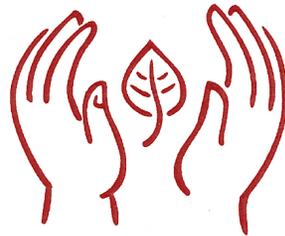

Things you can do to deter Human Trafficking:

1. Learn more about the products that you buy
2. Buy Fair Trade products
3. Pray for human dignity for both the victims and the traffickers

Prayer for Human Trafficking

God of life, truth and freedom, to you we pray: You give peace and you desire justice for all people. Hear our prayers for our sisters and brothers held in slavery, brutalized and traumatized by the horror of human trafficking. Hear our anguished cry for them and see our hidden tears for them. May this sorrow move us to action for justice, contemplative prayer and daily conversion of heart. We pray together to you in their name. Amen

Update on Chicken Project

Our goals in funding the chicken business were to provide nutrition for the orphans in Songea and to fund a business that would employ local residents. Today the business is completely self-sustaining and earning a profit. The orphans now have a regular source of protein from the eggs and chicken meat and local people have an income.
